

# THIRD EDITION *OUT NOW*

Third Edition of  
*Predicting Storms – The Adventure Begins*  
is now available from  
Amazon Books

*The barograph app is a powerful instrument for predicting storms. It tells you of an approaching storm, often long before it is visible to you or even to radar or satellite, providing vital early warning.*

***Predicting Storms – The Adventure Begins*** contains the ***first*** comprehensive compilation of rules for ordinary storms.

***Riding the storm –  
your ultimate adventure awaits!***
